Used Technologies Java, JAVA EE, LDAP, Spring, iBATIS, SQL, ORACLE, Facebook Java API, JQuery, Websphere, Subversion, Maven, Netbeans, AJAX, JQuery, Javascript, CSS, UML

2009 **Semi Sr Developer**

Company Chrysler

Project Name **Kiosks management system for the Chrysler plants in Mexico.** **Back-end Main Developer**

Activities Development of a module that allows the plant employees to look and print documents related to their personal and company information. Development the management module that allows to add/delete/edit the documents and warnings that the plants employee can see. The management system is multi-plants, multi-users, etc.

Used Technologies Java, JAVA EE, LDAP, Struts , SQL, DB2, Websphere, Subversion, UML, Rational Rose, JQuery, Javascript, CSS

2007-2009 **Jr Developer**

Company Cognosite

Project Name **eQuest:** Mobile application that allow to collect information in the field, e.g. implement surveys, generate service sheets, implement technical and quality documentation, etc..

Activities Development of different programming interfaces, for example a generic single sign on, some classes to make easy the use of xml files, custom connection pools to data bases. Conversion of different modules from C# to Java.

Used Technologies Java, J2EE, J2ME, JSP, ASP, PHP, Blackberry (JAVA), Pocket PC (C#) JSP, C#, Struts , SQL, PostgreSQL, Tomcat, Netbeans, JQuery, Javascript, CSS

---

## Education

2009-2012 **Master in Computer Science**

School Monterrey Institute of Technology and Higher Education

Campus Mexico City

Grade 92/100

Thesis Light client-server framework for agile development of Augmented reality applications

Main achievements ➡ Analisis, design and development of the following componenets  
➤ Mobile Augmented Reality Component to enhance camera images with 3D Objects and Texts.  
➤ Mobile Location-based caching component.  
➤ Server-side data management and statistical analisis component.

Used Technologies Java, Groovy, Grails, Hibernate, Spring, REST web services, Android, AspectJ, OpenGL, ARToolkit, SQL, SQLite, PostgreSQL, UML, HTML, CSS, Javascript, Eclipse.

2002-2007 **Engineering in technology information**

School Anáhuac University

Campus Xalapa

Grade 83/100

Thesis System that manage the attendance record for teachers and students

Used Technologies Java, J2EE, JSP, SQL, Javascript, Tomcat, Netbeans, PostgreSQL, CSS, HTML
